

A MOD FOR COMBAT MISSION FORTRESS ITALY

Photoreal Smoke Effects

Aris Smoke Textures

Smoke textures and effects are easily moddable and give nice results. As I was making this mod, I got many different, very convincing textures, but I had to choose my favorites....and here you have them. Simple mod, but VERY effective to add eye-candy and realism.

I bet you can notice the difference this mod will make.

Easiest mod for me from a Modder's standpoint, but still, one of my favorites. I simply love this one myself. Great I can share it with you. Enjoy it!!

INSTRUCTIONS

Go inside the Data folder and create a new folder called "Z". Because "Z" comes after the names of the standard game files ("Version XXX") you are guaranteed that any mods you put into the "Z" folder will be loaded and used by Combat Mission.

Unzip and drop "Aris Smoke Textures" to Z.

Simple Readme, simple Mod. Still, check it ingame, you may love it as I do. Just Move your tanks on "Fast" over a dusty road!
