Kubelwagen V2

Aris Kubelwagen V2

These are updated textures of my original Kubelwagen mod. Unlike my latest Kubelwagen for CMFI, weathering is less dusty, muddier, and colors are less desaturated. I like it better now myself, hope you enjoy it too,

Aris.

INSTRUCTIONS

Go inside the Data folder and create a new folder called "Z". Because "Z" comes after the names of the standard game files ("Version XXX") you are guaranteed that any mods you put into the "Z" folder will be loaded and used by Combat Mission.

Unzip and drop "Aris Kubelwagen V2" to Z, and don't forget to overwrite or delete any previous Kubelwagen present in your Z folder.

Photoreal samples of mud, dust, stains and Hi-Res Photoshop brushes were used to mod this vehicle.
